PROFESSIONAL SUMMARY

An Business Information Systems (BIS) student with a solid foundation in frontend web development, data management, and system analysis. Deeply passionate about UI/UX Design, leveraging hands-on frontend engineering skills to bridge the gap between clean code and user-centered digital experiences. Equipped with intensive practical experience from an NTI Web Design internship specializing in responsive design and modern UI components. Seeking a challenging internship opportunity to apply my technical skills, enhance my UI/UX capabilities, and contribute to impactful digital solutions.

EDUCATION

Bachelor of Business Information Systems (BIS)
Delta Academy for Science
Expected Graduation: 2027 | Current Level: 3rd Year Student

LANGUAGES

Arabic: Native
English: Very Good

INTERNSHIPS & EXPERIENCE

Web Design Trainee (Internship) – National Telecommunication Institute (NTI)
August 2025 – September 2025

- Completed a 4-week intensive professional training program divided into 3 weeks of technical frontend training and 1 week of professional soft skills.
- Developed practical, hands-on skills in responsive web design, layout architecture, and modern UI/UX design concepts.
- Translated visual UI layouts and prototypes into clean, functional code using HTML5, CSS3, JavaScript (ES6+), and Bootstrap Framework.
- Practiced core web engineering principles, cross-browser compatibility, responsive typography, and version control workflows using Git and GitHub.

TECHNICAL & PROFESSIONAL SKILLS

- UI/UX & Frontend Development: UI/UX Design, Responsive Web Design, Layout Architecture, HTML5, CSS3, JavaScript (ES6+), Bootstrap Framework, Frontend Engineering
- Backend & Scripting: Python, PHP (In Progress)
- Database Management: SQL, Database Architecture
- Tools & Methodologies: Git, GitHub, VS Code, System Analysis & Design
- Soft Skills: Professional Communication, Teamwork, Time Management, Presentation Skills

PROJECTS

Mini Electronics Store Website (NTI Internship Capstone Project)

- Designed and developed a fully responsive e-commerce web application, prioritizing a seamless shopping user experience (UX) and dynamic layouts.
- Implemented an interactive user interface featuring product displays, an interactive shopping cart functionality, and dynamic form validation using JavaScript.
- Structured and styled the application using advanced CSS layouts and Bootstrap components to ensure consistent visual aesthetics across devices.
- Live Demo: https://menaelgalady.github.io/Mini-Electronics-Store/
- Source Code: https://github.com/menaelgalady/Mini-Electronics-Store

Frontend Web Development Portfolio (NTI Training Tasks)

- Successfully built, organized, and deployed 12 practical web development tasks focusing on responsive interfaces, component design, and clean layouts.
- Created interactive user interfaces, login forms, landing pages, and customized styles using HTML5, CSS3, JavaScript, and Bootstrap.
- Applied Grid layouts, Flexbox, and media queries to practice fluid screen adjustment and cross-browser compatibility.
